

PRIOR TO INSTALLATION

WEAR GLOVES DURING INSTALLATION

AFTER INSTALLATION USE A DRY SOFT CLOTH ALONG THE SUFACE

THE LAMP FINSH IS HANDMADE SO THERE MAY BE VARIATIONS IN THE SHADING OR SANDING PATTERN, OVER TIME THE MATERIAL PARTS EXPOSED TO CARBON DIOXIDE AND OTHER AIRBORNE SUBSTANCES WILL FORM A NATURAL PATINA.

THE PIECE MAY DARKEN. FOR A LONGER DURABILITY OF THE ORIGINAL FINISH, WE RECOMMEND DUSTNIG IT PERIODICALLY USING A DUSTER OR SOFT DRY CLOTH. IF THE PIECE IS KEPT FREEOF DUST THE PATINA DOES NOT ALTER AS FAST.

NEVER USE ABRASIVE ELEMENTS, CLEANERS WITH DETERGENTS OR AMMONIA IN ORDER NOT TO DISRUPT THE FINISH OF THE PIECE.
